

## A MORNING PRAYER

---

**D**EAR LORD,

As this day begins I confess that I will need you every moment. I long to know you more deeply today. Help me in what I say to other people. Give me wisdom for each decision I will make. Make love and truth the motives behind everything I do. And when I fall short, help me not to give up, but to find an extra measure of your strength. This day is your creation and your gift. I commit my body and spirit to your good purposes. In Jesus' name, Amen.
